

Are You Facing An Issue With The Remote?

<p>1 STEP</p>	<p>Ensure that the remote used is compatible with the fan.</p> 
<p>2 STEP</p>	<p>Kindly ensure that the remote batteries aren't dead.</p> 
<p>3 STEP</p>	<p>Crosscheck the efficacy of remote keys by using a mobile camera as shown in image. On pressing the keys, If the LED lights of the remote are not glowing then the remote keys are not working.</p> 
<p>4 STEP</p>	<p>If you have remote of any other Atomberg fan, you may use it to validate on the fan whose remote is giving an issue.</p>
